Invites:

**Tierra Física**, cultural producer & management, aims to bring together in this first edition more than **30 lots** of the most great artists that make this auction an unique and excellent opportunity to acquire pieces of **Mexican high art**.

Pieces that speak to us of artistic maturity and, at the same time, of a diversity of interests. Selected works encapsulate the evolution of **Mexican art throughout the 20th and 21st centuries**, and they will be part of a collection with some of the most outstanding masters of plastic arts, and a new generation that evolves the craft of painting and the forthcoming arts.

Auction that will be a picking point in the styles field, quality of the craft, and **the diversity of art in Puerto Vallarta**.

Appreciated Art Collector\_

With the purpose of promoting the spirit of Art and fostering an environment of collectors, the following event is promoted: **Vallarta Pride 2024 Art Auction "Beyond the Sun"**. An appointment with diverse styles, professions and generations to meet in one of the most emblematic places in the city and surrounded by an elegant atmosphere.

Promoting an action that will not have a gallery location, as it will be in the middle of the street and outdoors, however, it has a very important mission. The call to consume live art, where the artist's pieces dignify their value, and is, in turn, **a call to support the ARTe VallARtA Museum**.

We expect the attendance of 200 people who will have access to unique and extraordinary pieces, some exquisite, others appreciated by a queer ghetto and always with the BEST quality.

The value of the work ranges in starting prices from \$1,500 USD and \$4,000 USD as a start, **to bid on disciplines of Painting, Graphics, Sculpture, Ceramics, Photography and Urban Art illustrated in small formats**.

This auction is organized and curated by **Tierra Física\_** cultural promoter, led by Héctor Belloc, Yamir Ali Yedet, María Orozco, and **ARTe VallARtA Museo**.
